

General Motors of Canada Company's CAMI Assembly plant is a world-class manufacturing facility located in Ingersoll, Ontario. Currently CAMI Assembly manufactures the Chevrolet Equinox. We are a state-of-the-art full production operation comprised of stamping, welding, paint, and assembly departments. We take pride in our values, our processes, and our philosophies.

GM CAMI Assembly is recruiting for the following trades:

- Industrial Millwright
- Operating Engineer (2nd Class or 3rd Class)

As an integral part of the GMCC CAMI Assembly team, you will be required to work in a team environment, maintaining and repairing high volume automotive manufacturing equipment. Shift work, weekend and overtime work will be required.

Please apply online by at: **gmhiringcamiassembly.ca**

You will be required to select the position you are applying for on the website.

Please note that we will not accept phone calls, faxes or mailed applications for these positions. Further details are available online.

Former applicants are required to re-apply via the website.

At GM CAMI Assembly we recognize employees as our most valuable resource and will provide the support that allows our people to contribute in a motivated, empowered, and participative way.

We thank all applicants; however, only those selected will be contacted.

We endorse and maintain an environment that supports equitable working conditions for individuals traditionally underrepresented in the automotive industry. We recognize the value of a diverse employee population and strongly encourage applications from all groups.

Accommodation is available for applicants with disabilities. Should you be contacted by General Motors of Canada Company, please advise if you require accommodation.
