

Job Title: Tool & Die Maker
Employee Status: Hourly
Location: Oshawa Stamping Facility, Oshawa, ON

At GM Canada, you will find go-getters, people that dream big and go the extra mile to uncover the next ground breaking idea. From designing and engineering state-of-the-art plants, developing new vehicles and self-driving technologies, and creating new marketing programs - we are determined to change the future of mobility.

We are looking for individuals who are striving to make a difference and who want to join one of the world's most iconic companies. With over 100 years of rich history in Canada, help us redefine what the next 100 years should look like. Innovation Lives Here – and so should you!

Key Responsibilities:

- Operate safely and productively assorted toolroom equipment
- Possess ability to build, modify, repair and troubleshoot all different types of dies, tools, jigs and fixtures
- Work to close tolerances
- Work on production tooling, stamping and hemming presses to troubleshoot malfunctions

Who We Are Looking For:

- High School education with a valid Tool and Die Certificate
- Basic computer skills
- 2-3 Years' experience building and repairing dies
- Prior welding experiences a definite asset
- Ability to work flexible shift hours (rotating or midnights)
- Ability to work scheduled overtime as required

What Else You Need To Know:

- We are a Unifor-represented workplace
- We offer competitive wage rates, pensions and benefits
- This job posting closes on March 13th
- Our position openings are available now!
